

A Brief Report on National Webinar on
“Mathematics & Statistics”
on 24.06.2020
Department of Mathematics & Statistics

The Department of Mathematics & Statistics conducted a “National Webinar on Mathematics & Statistics” on 24.06.2020. Webinars have become the order of the day to keep ourselves active and updated with various topics during these Covid-19 times. They are a great way to bring together a wide audience from different colleges and from different states on a single platform. In order to exchange thoughts and ideas, University College of Women under the able guidance and constant encouragement of our Principal has been conducting Webinars on various interesting topics.

We from the Department of Mathematics and Statistics conducted a Webinar to bring together the faculty & students of Mathematics and Statistics and Computer Science for an enlightening session from distinguished speakers. I am very happy that Prof. K. Satyanarayana Sir and Prof. V.V. Haragopal Sir have accepted our invitation at short notice and graced this Webinar.

The participants had a great time listening to the speakers. 2 Prof. K. Satyanarayana Sir, Prof. Dept. of Maths, O.U. Spoke on “Large Prime Numbers and their applications”, Prof. V.V. Haragopal Sir, BITS Pilani Hyderabad Campus spoke on “The Concept of Regression and Multiple Regression with case studies”.

All the participants had knowledgeable time e-certificates were issued to participants and Youtube link of the lecture was shared.

University College for Women (Autonomous) Koti, Hyd-095

Constituent College of Osmania University, NAAC Accredited 'A'

Organised by Department of Mathematics & Statistics

National Webinar in Mathematics & Statistics on
24-06-2020 at 11 am

How to register:

- Free Registration
- Registration link
- <https://forms.gle/2Q5SWEE6RHJADGK67>
- Meeting id & Password will be sent to registered members through e-mail
- e-certificate will be issued after submission of feed back form
- Platform Zoom app

Session 1:

Large Prime numbers and their Applications
Prof K.Satyanarayana
Retd Prof of Mathematics
Osmania University

11am to 12 noon

Session 2:

Concept of Regression and Multiple Regression with case studies
Prof V.V.Haragopal
Retd Professor of Statistics
Osmania University

12 noon to 1 pm

Dr. M. Sunitha

Head, Dept. of Mathematics & Statistics
Co-Convenor

Dr. Loka Pavani

Head, Dept. of Computer Science
Convenor

Dr. M.Kavitha
