

8. LIFE OF GIRL EVENT

Day of Girl is our attempt to champion the cause of women security. It is trailblazing attempt to reclaim the spaces that belong to women physically and emotionally.. It is our attempt to Guinness World Record where 3000+ march for women safety.

LIFE OF GIRL team are working on women security and empowerment. They had build technology and trained volunteer base to help women in emergency situations.

On 30th of August 2019, they have created a guiness book of world record with the participation of 3000+ girls doing a fitness actioivity. Our aim is to spread awareness about fitness being the first step to women security.

We the NSS volunteers from UNIVERSITY COLLEGE FOR WOMEN attended this event for volunteer work, to control the crowed. It is not much easy for an organizing team to control such a hugecrowed.

This event is a platform for girls and women to come together and share their experiences about Gender based violence and harassment. It is also an opportunity for women and girls to identify what make them feel safe or unsafe in public spaces and to create recommendations to create safer communities foe women.
